

Regulations on Smoking Control for the International Campus, Zhejiang University (Trial)

1. To reduce and eliminate the harm from tobacco smoking, to guarantee the health of teachers and students, and to create a better environment for working, studying and living, The International Campus, Zhejiang University (hereinafter referred to as the campus) has formulated some measures for smoking control basing on the actual situation of the campus and according to the spirit of the *Notice of the Ministry of Education on Matters related to the ban on smoking in schools of all levels and types throughout the country* (Letter of Education [2014] No. 1).

2. All units of the campus are the responsible units for smoking control and supervision in their office buildings (or management buildings), and campus service units are the responsible units for smoking control and supervision in the public buildings. The Office of Campus Development and Management is the functional unit of smoking control management in the campus, and will implement these measures of smoking control. Campus smoking control complaints hotline: 0571 (0573)-87572119.

3. Smoking is banned in all campus buildings indoor areas (including semi-open areas). There is no smoking area in the buildings.

4. Smoking is not allowed at the main entrances of the building. Outdoor smoking point must be more than 6 meters away from the building.
5. All teachers, students and the faculty & staff have the right to ask the smokers who are smoking in the no-smoking area to stop smoking. If they do not listen to the dissuasion, you should complain to the unit that is responsible for supervision in that no-smoking area.
6. These measures shall come into force as of December 1, 2019.
